

**EVERY VEHICLE IN YOUR FLEET HAS SOMEWHERE TO BE.
THAT MEANS MAKING THEIR STOPS AND AVOIDING THE SHOP.
PARTNER WITH SAFETY-KLEEN TO KEEP YOUR FLEET ON
THE ROAD AND ON TIME.**

A well-maintained service vehicle could run forever. At least, as a Fleet Supervisor, you hope that's true. Safety-Kleen delivers the industrial-strength cleaning performance that service techs depend on every day. But there's more to us than parts washers and used oil collection. More than 8,800 service fleet operators already rely on Safety-Kleen to help their fleets spend less time in the shop and more time on the road. Reduce your risk and prolong your vehicle service life with Safety-Kleen.

PROTECTION·CHOICES·PEOPLE

Utility Sanitary Services

Protect your fleet, your reputation and the environment.

If you are responsible for environmental health and safety, then let the environmental professionals at Safety-Kleen help shoulder that responsibility. Our services can be tailored to the unique needs of your facility, while still ensuring you're in full compliance with all local, state, provincial and federal regulations. Our practices provide the highest level of risk reduction in the industry, backed by our Certificate of Assurance and Indemnification.

You can also count on us to help you with everything from shop supplies and absorbents to keeping your oil water separator running clean all while collecting used motor oil and delivering new.

Choices that keep your fleet clean.

Your fleet needs sustainable choices. When you manage a service vehicle fleet, surprises are the last thing you need. Let the environmental professionals at Safety-Kleen show you how to reduce regulatory risk and prolong the service life of your vehicles. Four hundred twenty of the Fortune 500 and more than 8,800 other service vehicle fleets already have.

Used Oil, Oil Filter Collection and Lubricants *Everything you need for complete oil management.*

- Proper regulatory documentation showing your used oil is being handled in compliance.
- Customized used oil pick-up schedules, along with emergency overflow response.
- Collection of bulk oil filters using a patented process that gives you less hassles and takes up less space.
- Lubricants that deliver superior quality and unmatched performance. Performance Plus® products have been tested and trusted and are the oil of choice for Roush Fenway Racing and several large government and commercial fleets, including our own.

Safety-Kleen is the world leader in oil collection and the use of oils as a renewable resource through our proprietary re-refining process. Through this unique closed-loop system, we have redefined customer value.

Introducing a full line of products that improve performance through innovation.

Emergency Response (ER) and Compliance Services

- **Peace of mind 24/7/365** - Through our parent company, Clean Harbors, we deliver the most effective, safe and environmentally sound options for managing environmental emergencies. Public and private companies, as well as government agencies, trust Clean Harbors to handle their emergency response and disaster recovery services.
- **Stay in compliance** - You have enough to do without worrying about changes in EPA and OSHA regulations. Safety-Kleen offers a wide variety of compliance services and training that can remove these burdens and help make sure you stay in compliance. Our SDS management program is the most comprehensive available and is the easiest and most reliable way to satisfy your OSHA requirements.

- Over 50 Years Experience
- North American Platform
- Centrally-Controlled Compliance
- Consistent Service Excellence
- EHS Resources
- Centralized Relationship Management

No other company can offer you the protection and choices we do.

Safety-Kleen brings more than 50 years of experience and a nationwide infrastructure to environmental services. Our centrally-controlled service is prompt, professional and non-intrusive. We have the most talented DOT, State Lead EHS, SDS and Toxicology experts available on staff, and have developed compliance and safety training models for all service staff and operations, including OSHA, DOT and EPA training programs.

If your company is looking for efficient and environmentally responsible ways to handle cleaning and waste, call Safety-Kleen.
